Dear Governor Mofford:

I am pleased to submit to you the Seventy-Sixth Annual Report of the Arizona Department of Insurance for the calendar year January 1, 1988 through December 31, 1988 as provided in A.R.S. §20-154.

The purpose of this Report is to provide you with a summary of the Department's major activities and accomplishments during 1988, as well as a summary of the insurance-related legislation passed during the recent legislative session. This Report also includes a summary of the financial data of the insurance companies licensed to transact business in the State of Arizona during 1988.

Respectfully submitted,

Susan Gallinger
Director of Insurance

REPORT OF THE DIRECTOR

The Department of Insurance ("the Department") is organized into five separate divisions: the Hearing Division, the Corporate and Financial Affairs Division, the Rates and Regulations Division, the Consumer Affairs and Investigations Division and the Receivership Division. The Hearing Division is headed by the Chief Hearing Officer, and is responsible for conducting all administrative hearings held by the Department. The Receivership Division, which was established in 1988, is headed by the Deputy Receiver, and is responsible for coordinating and tracking all receiverships, conservatorships and supervisions commenced by the Department. The remaining three divisions are supervised by Assistant Directors, each of whom is charged with overseeing his or her specific responsibilities as prescribed by the Arizona Insurance Code and as assigned by the Director of Insurance.

In addition to the above, the Director is assisted by the Executive Staff, which includes the Deputy Director, the Chief Actuary, the Task Force Consultant, the Business Manager, the Executive Assistant and the Administrative Assistant. The following is a brief overview of the operations and activities of the Department.

Executive Staff

The Deputy Director, Joseph M. Hennelly, Jr., is responsible for the administrative functions of the Department. Additionally, the Deputy Director works with the Deputy Receiver to monitor the delinquency proceedings brought by the Department and also serves as a liaison between the Department and the Attorney General's Office on administrative and judicial proceedings brought by the Attorney General on behalf of the Department.

In March, 1988, David M. Hurlbut, FSA, MAAA, became the Department's Chief Actuary. The Chief Actuary serves as the actuarial consultant to the Department and is responsible for reviewing and analyzing insurance rates, rating procedures, rating plans and all phases of insurance operations.

Also in 1988, the Director appointed Dale Hazlett as the Task Force Consultant. During 1988, the Governor's Medical Malpractice Task Force and the Study Commission on Private Passenger Automobile Insurance were formed. The Director serves on both the Task Force and the Study Commission, and is asked to provide insurance-related information and analysis to the members of the Task Force and the Study Commission upon request. The Task Force Consultant assists the Director by providing research, analysis and recommendations for legislative and regulatory proposals in these areas.

Donald Weber is the Department's Business Manager. The Business Manager's responsibilities include assisting in the preparation of the Department's budget, coordinating all personnel matters and assuring that all the Department's printing and supply needs are met.

In addition to the above, the Director is assisted in legislative activities and policy issues by an Executive Assistant, Gay Ann Williams, and an Administrative Assistant, Eleanor Addeo.

Corporate and Financial Affairs Division

The Corporate and Financial Affairs Division is headed by Assistant Director and Chief Examiner Roy E. Gill, CFE. The Division is responsible for monitoring the solvency of 900 domestic and 1,633 foreign insurers. In discharging this responsibility, the Corporate and Financial Affairs Division reviews the annual and quarterly financial statements filed by domestic and foreign insurers, and also reviews and evaluates the National Association of Insurance Commissioners Insurance Regulatory Information System (IRIS) on domestic and foreign insurers.

In 1988, the Corporate and Financial Affairs Division coordinated 285 financial examinations of domestic and foreign insurers. These "on site" examinations were conducted by field examiners, who are independent contractors. This Division also reviews all foreign reports of examination conducted by other states.

The Corporate and Financial Affairs Division processed and admitted 36 foreign insurers and 61 new domestic insurers and reinsurers during 1988, and represented the Department at 71 acquisition, merger and withdrawal hearings. The Division also collected $91,933,000 in premium taxes and other related fees, and an additional $198,000 in penalties and interest during 1988, and is responsible for controlling and maintaining $320,257,936 in statutory deposits.

This Division also provides support and technical assistance to other divisions within the Department, as well as to the Life and Disability and the Property and Casualty Insurance Guaranty Funds as necessary. The accounting and clerical staff responsible for maintaining the Examiners' Revolving Fund are supervised by this Division. It is also the responsibility of this Division to maintain and update insurer records, and to serve as the Department's official "Custodian of Records".

The Corporate and Financial Affairs Division presently has 12 full-time employees, along with 23 field examiners and three examination coordinators who are independent contractors.

Consumer Affairs and Investigations Division

The Department's Consumer Affairs and Investigations Division is headed by Assistant Director Jay Rubin. This Division is responsible for implementing the Department's consumer assistance programs and conducting investigations for administrative hearings or litigation regarding violations of Arizona insurance laws. This Division maintains offices in Phoenix and Tucson to provide easier access for Arizona consumers to the Department's services.

During 1988, the Consumer Affairs Division established and maintained a statewide toll-free telephone line to be used by Arizona's senior citizens that have questions or concerns regarding insurance matters. These inquiries, along with a variety of other questions or complaints, are handled by the Department's Consumer Specialists and Investigators. These Consumer Specialists and Investigators attended training seminars during 1988 to better prepare them to serve Arizona's insurance consumers. In addition, during 1988 the Consumer Affairs Division continued with its ongoing public information speakers bureau.

During the past year this Division handled nearly 7,078 written complaints and responded to over 95,000 telephone inquiries. The Division staff, acting as ombudsmen, were successful in assisting Arizona citizens in obtaining settlements from insurers in the amount of over $6,544,265 in 1988. The Consumer Affairs and Investigations Division oversees the administration and enforcement of the Unfair Claims Settlement Practices Act, and the Department's regulations adopted pursuant to that law. The Division issued 169 citations for unfair claims practices against insurers during 1988. Division employees conducted 160 investigations of agents, brokers, adjusters and bail bondsmen resulting in 38 cases being referred to the Attorney General's Office for administrative action.

Rates and Regulations Division

Deloris E. Williamson, CPCU, CIE, is the Assistant Director of the Rates and Regulations Division. The Division is comprised of three sections: Licensing, Life and Disability and Property and Casualty.

Licensing Section. The Licensing Section is supervised by Maureen Catalioto. This Section is responsible for issuing insurance licenses to agents, brokers, adjusters, solicitors, service representatives, and risk management consultants who qualify pursuant to Arizona insurance law. Additionally, it administers adjuster examinations.

During 1988, the Licensing Section issued 7,722 new life-type licenses, 2,570 new property and casualty-type

licenses, and 10,292 renewal licenses. As of December 31, 1988, the number of resident and nonresident licensees totaled 34,858, who in turn held a total of 48,165 licenses.

Life and Disability Section. This Section, supervised by Mary Butterfield, AIE, is responsible for reviewing advertising, policy forms, contracts and individual health insurance rates prior to their use by life and disability insurers, health care services organizations ("HCSOs"), hospital, medical, dental, and optometric service corporations and prepaid dental plan organizations. During 1988, the Section reviewed 12,422 form and rate filings, including advertising. Civil penalties totaling $3,500 were imposed against companies disseminating advertising without prior approval.

The Section also ensures that companies selling Medicare supplement insurance in Arizona make revisions to their policies and premium rates in compliance with changes in State and Federal laws, especially the major changes effective January, 1989. Additionally, the Section prepared, published and distributed lists of companies offering Medicare supplement and Long Term Care insurance in Arizona to assist senior citizens in purchasing these products.

During 1988, the Life and Disability Section conducted the following surveys:

- Two health insurance surveys to determine the need for legislation in the following areas:

  (1) to mandate benefits for maternity and well child care. (This survey was completed in response to the Governor's Policy Initiatives on Well Baby Care and Maternity Benefits. Results were analyzed and distributed to other state agencies and to other interested parties.)

  (2) to avoid unfair discrimination among individuals with Down's Syndrome and other genetic disorders. (This survey was used by the Arizona Association for Retarded Citizens to seek passage of consumer-oriented legislation.)

- Survey of insurance agents and brokers on Cost and Availability of Health Insurance for Arizona Employers.

- Survey of all life and disability companies, HCSOs, hospital, medical, dental and optometric service corporations, and prepaid dental plans against which complaints were filed with the Department. Results were utilized to prepare the complaint ratio to target companies for market conduct examinations.

This Section supervises the life and disability Market Conduct Examination Program involving on-site review of insurers' claims and marketing activities. Twenty-nine (29) market conduct examinations were completed during the year resulting in civil penalties totaling $20,000 for violations of the Unfair Claims Settlement Practices Act.

Two committees were assisted by this Section which:

- Chaired the Study Commission on Cost and Availability of Health Insurance for Arizona Employers. A comprehensive study of existing mandated benefits along with recommendations for further legislative action resulted.

- Served as an informed source to and staffed the Governor's Task Force on AIDS charged with assessing Arizona's response to the HIV epidemic and determine ways in which the State should be responding. The Section also drafted and revised insurer compliance guidelines regarding HIV-infected policyholders and applicants, to include insurer disclosure provisions regarding applicant testing.

Property and Casualty ("P&C") Section. The position of Supervisor of the P&C Section was vacant from July, 1988 following the promotion of Deloris Williamson to Assistant Director. In March, 1989, Ken Wixon became the Supervisor of the Section which is primarily responsible for administering Arizona's insurance laws applicable to P&C rates and forms. Additionally, the Section's responsibilities include: regulating service companies, adding unauthorized insurers to the surplus lines list, licensing rating organizations, reviewing workers' compensation securities, assisting in P&C market conduct and rate examinations, and monitoring the marketplace by conducting premium comparisons and availability studies.

During 1988, the Section prepared four major publications for the benefit of Arizona insurance consumers. All had a similar purpose, to assist the public in the purchase of insurance coverage and the selection of an insurance company:

- The Automobile Premium Comparison compared the premiums of 55 insurers writing over 88% of the private passenger automobile insurance in Arizona. For the same Phoenix hypothetical risk, six-month premium quotations ranged from a low of $354.81 to a high of $1,053 and demonstrated that it is in the best interest of consumers to thoroughly investigate the market in order to obtain the best coverage for their premium dollar. Consumers were cautioned that although price is always a consideration in the purchase of insurance, a consumer should also consider

the company's service to its policyholders, its overall reputation, and the type of insurance contract and coverage available.

- The Homeowners' Premium Comparison compared the premiums of companies writing over 90% of all homeowners' insurance written in Arizona. Six-month premiums ranged from $201 to $521 for the same Phoenix hypothetical risk and, again, clearly exhibited the advantages of comparison shopping.

- The Mobile Homeowners' Premium Comparison compared the premiums of 18 companies writing approximately 80% of all the mobile homeowners' insurance written in Arizona. Twelve-month premiums ranged from $117 to $261 for the same hypothetical in Mesa.

- The Personal Lines Complaint Ratio brought to public attention those insurers about which the Department had received numerous complaints in 1988. This publication assists the Department in assessing individual company performance during the year, in identifying problems which require prompt regulatory action, and by serving as a deterrent to "would be" offenders. The Complaint Ratio also permits the Department to most effectively utilize its human resources by targeting insurers to be considered candidates for market conduct examinations.

This Section also assists in conducting property and casualty market conduct and rate examinations. A market conduct examination involves an on-site review of insurance company rating, underwriting, claims, and marketing practices. As a result of 27 examinations conducted in 1988, $341,047 was refunded to Arizona policyholders, and a total of $162,700 was paid in civil penalties by insurers found to have been in violation of various Arizona insurance laws at the time of the examination.

Finally, during 1988, the Section reviewed 16,854 form and rate filings, prepared several informative exhibits, supported various Divisions within the Department by providing technical assistance, spoke to various consumer groups. In addition, this Section staffed the Study Commission on Private Passenger Automobile Insurance which was established by the Legislature, and provided technical assistance and support to the Governor's Medical Malpractice Task Force.

Hearing Division

The Hearing Division conducted 104 hearings and issued a total of 434 Notices of Hearing and Orders in 1988. Approximately $127,155 in civil penalties were imposed and $73,975 in restitution to victims was awarded, in addition to

the penalties and restitution ordered as a result of market conduct examinations. In addition, the Division continued to provide legal assistance to the other divisions of the Department of Insurance and assisted in drafting insurance-related legislation and regulations.

During 1988, 26 agents had their licenses either revoked or suspended. The Hearing Division issued three orders granting applicants' insurance licenses, and affirmed the Department's denial of licenses in five cases. Four disciplinary matters were dismissed and ten orders denying hearing or rehearing were issued.

Insurers that were the subject of merger, acquisition or withdrawal proceedings led to 61 hearings during 1988. Additionally, 16 Orders were issued for a variety of insurer activities, including disapproval of policy forms and orders requiring reimbursement to insureds as a result of market conduct examinations. Eighteen Orders were issued either revoking or suspending certificates of authority, principally for deficiencies in assets. Two Orders reinstating certificates of authority and one Order denying the withdrawal of an insurer from the insurance business were issued.

Receivership Division

The Receivership Division consisting of a Deputy Receiver, an assistant Deputy Receiver (position vacant at this time), and a secretary, was established in late 1988 and is now headed by Deanna Delmar, Deputy Receiver. This Division is specially funded through a receivership liquidation fund established pursuant to A.R.S. §20-648 from the estates of insolvent insurers.

This Division is responsible for coordinating and tracking of all receiverships, conservatorships, and supervisions conducted by the Department. The Receivership Division also acts as liaison to the two Arizona Guaranty Funds. As of December 31, 1988, the Department was monitoring ten domestic insurers and one unauthorized domestic insurer in receiverships, and four foreign insurers in ancillary receiverships. Two of the domestic receiverships were instituted in 1988.

Assistant Attorneys General

The Assistant Attorneys General of the Financial Fraud Division assigned to the Insurance Department act as counsel to the Director of Insurance and the management of the Insurance Department. Their services include interpreting the Insurance Code and supplying statutory construction analyses in the form of Attorney General Opinions, counsel memoranda and oral communication. The Assistant Attorneys General also represent

the Property and Casualty Guaranty Fund and the Life and Disability Guaranty Fund. Additional services include defending suits against the Department, representing the Insurance Department in appeals from the Director's administrative orders, and instituting actions on behalf of the Director to enforce the provisions of the Insurance Code. The Assistant Attorneys General are actively involved in the rehabilitation and liquidation of insolvent insurers, and seek court appointment of receivers and ancillary receivers when necessary.

Other functions performed by the Attorney General's Office include drafting and reviewing notices of hearing, contracts and other legal documents for the Department, responding to correspondence from insurance companies and other state insurance departments, providing advice to the Department on various legal problems, and reviewing all rules proposed by the Insurance Department for legal sufficiency. In 1988, the Attorney General's Office handled over 200 cases and other matters for the Insurance Department.

CIRCULAR LETTER NO. 88-1

TO: TITLE INSURANCE AGENTS

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: JULY 20, 1988

RE: TESTING OF OFFICERS AND EMPLOYEES OF TITLE INSURANCE AGENTS

It has come to my attention that there may be some confusion in the title insurance industry regarding which officers and employees of title insurance agencies are required to take and pass the Department's examination. A.R.S. §20-1580(1) requires that every officer and employee of a title insurance agency "who itends to exercise the power and perform the duties of the agency" shall take and pass the Department's examination. A.R.S. §20-1580(3) specifically exempts those employees who perform only clerical functions from the examination requirement.

In determining which employees exercise the power and perform the functions of the agency, we look to the definition of "title insurance agent" as provided in A.R.S. §20-1562(7):

> a domestic or foreign stock corporation authorized in writing by a title insurer to solicit insurance and collect premiums and to issue or countersign policies in its behalf.

(Emphasis added).

The above definition indicates that any nonclerical employees of the agency who engage in the solicitation or marketing of title insurance, the collection of premiums, or the issuing or countersigning of policies must take and pass the Department's examination.

Since each title insurance agency is structured and operated differently, it is impossible for the Department to produce a list of those employees who must take and pass the examination. Rather, each title insurance agency has an obligation to review its organization to determine for itself which of its employees perform the duties described above. Please contact the Department's Licensing Section at (602) 255-5606 to schedule examinations.

CIRCULAR LETTER NO. 88-2

TO: ALL MEDICARE SUPPLEMENT INSURERS

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: AUGUST 8 , 1988

RE: EMERGENCY AMENDMENT TO R4-14-606 - MEDICARE SUPPLEMENT INSURANCE DISCLOSURE AND MINIMUM STANDARDS

The Congress of the United States has recently adopted major changes in the Medicare laws to extend the benefits currently provided by Medicare. Beginning January 1, 1989, Medicare will pay a greater portion of hospitalization expenses and post-hospital skilled nursing care than is currently covered. As a result of the increased benefits provided by Medicare, many Medicare supplement policies offered today are providing more coverage than will be necessary.

In anticipation of these changes, the National Association of Insurance Commissioners (NAIC) has adopted a model transitional rule. The Arizona Department of Insurance (Department) has incorporated the relevant portions of the NAIC model rule in its amendment to A.A.C. R4-14-606. Because of the immediate need to put insurers on notice of the conversion benefit requirements, disclosure requirements and standardization requirements that will become effective on January 1, 1989, the amendment to R4-14-606 was certified on an emergency basis, and became effective on August 1, 1988. This amendment will be effective for 90 days, and its effectiveness may be extended by the Department if necessary. The NAIC is in the process of drafting a permanent rule at this time.

A copy of the amendment to R4-14-606 has been enclosed for your convenience. Please review the amended rule carefully as it imposes new requirements on insurers. Additional copies of the amendment to R4-14-606 may be obtained by writing to:

RE: 1989 ARIZONA INSURANCE LEGISLATION

The 1989 Arizona Thirty-Ninth Legislature, First Regular Session has recently concluded. Insurance-related legislation which was considered by the legislature ranged from bills to provide increased consumer protection and benefits for persons who purchase long term care insurance policies to those designed to strengthen the automobile insurance laws and provide rate relief for Arizona automobile insurance policyholders.

In accordance with the Department's practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. The summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law. Rather, the intent here is to describe the main areas where substantive changes in insurance statutory requirements have taken place. This synopsis should not be considered to be a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's Office at (602) 542-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted):

S.B. 1003 - LONG TERM CARE INSURANCE

This bill was proposed by the Department of Insurance to increase consumer protection for those Arizona residents who purchase long term care insurance coverage. We believe the provisions of this bill, including the elimination of prior hospitalization and benefits based on receipt of higher levels of care, are necessary to protect consumers from purchasing policies which will rarely, if ever, provide the benefits consumers believe they are purchasing. The United Seniors Health Cooperative, a non-profit consumer advocacy group, recently found that because of restrictive policy provisions, the average probability of a policyholder not collecting any benefits under his or her long term care policy is over sixty percent, if he or she is admitted to a nursing home. Senate Bill 1003 provides future policyholders with protection from this type of abuse. In addition, the bill increases the minimum amount of coverage in a long term care policy from twelve to twenty-four months, and requires the Department of Insurance to adopt rules relating to standards for disclosure of policy provisions, conditions, and limitations. (Chapter 68)

S.B. 1042 - MEDICARE SUPPLEMENT INSURANCE

This bill was requested by the Department of Insurance in response to the passage of the federal Medicare Catastrophic Coverage Act of 1988. Beginning January, 1989, the Medicare system was revised to provide recipients with better major medical or "catastrophic" hospital, physician and prescription drug coverage. This federal legislation also required all states to adopt newly-established federal minimum standards for Medicare supplement insurance, or risk losing authority to regulate this type of insurance. Senate Bill 1042 revises existing law to allow the Department to adopt rules necessary to maintain compliance with the federal law. The bill also provides the Department with authority to regulate Medicare supplement policies which are issued in other states and sold to Arizona residents, and exempts Medicare supplement policies from complying with mandated benefits laws or regulations unless the Legislature or the Department specifically applies such laws or regulations to these policies. (Chapter 69)

H.B. 2060 - INSURANCE; CRIMINAL HISTORY; DISQUALIFICATION

This bill was requested by the Department of Insurance to address two unrelated areas of concern. The first provisions contained in the bill permit the Department of Insurance to use

the criminal identification sections of the Department of Public Safety to obtain information regarding the criminal history of persons who are applying for licenses granted by the Department of Insurance. Under current law the Department is not authorized to receive information regarding the criminal backgrounds of persons who are applying for certificates of authority to own or operate insurance companies in Arizona. This bill was designed to allow the Department to obtain this type of information and to use the information in deciding whether to grant the certificate or other type of license for which the applicant is applying.

House Bill 2060 also establishes procedures regarding situations involving Department employees who have relatives who own, are employed by, or have financial interests in an insurance company, agency, or other entity regulated by the Department. As the bill was passed by the Legislature it clarifies that these employees must disclose such relationships and must disqualify themselves from any Departmental activity involving the regulated entity with whom their relative is associated. These procedures are already in use by the Department. However, we believe it is prudent to delineate the procedures in statute. (Chapter 92)

H.B. 2062 - INSURANCE PREMIUM TAX CREDIT

This bill was requested by the Department of Insurance and clarifies that the expenses of examinations for all entities required to be examined (including insurers, health care service organizations, prepaid dental organizations, etc.) are charged to the entity examined. As passed, the bill also repeals the insurance premium tax credit which insurers are currently authorized to take against the costs they are charged for examinations. Premium tax credits taken by insurance companies for fiscal year 1988 totaled approximately $563,000. (Chapter 8)

H.B. 2063 - OUT-OF-STATE TRUSTS

This bill was requested by the Department of Insurance and provides increased consumer protection for those employers who purchase health insurance for their employees through an out-of-state trust. Under current law, the general rule is that group health insurance policies issued to a trust located outside Arizona fall outside the jurisdiction of the Arizona Department of Insurance. Thus, even though Arizona residents hold evidence of coverage under such policies, these residents are afforded none of the protections of Arizona law. House Bill 2063 requires insurers issuing such policies outside Arizona to disclose clearly and unambiguously in the evidence of coverage provided to the Arizona resident that Arizona laws and protections may not apply. It also requires that any insurer issuing such policies be licensed to transact business in Arizona. (Chapter 21)

H.B. 2517 - INSURANCE; UNFAIR DISCRIMINATION

This bill prohibits insurers from rejecting applicants or determining rates, terms or conditions of life and health insurance policies solely on the basis of genetic conditions, developmental delay or developmental disability. Under the provisions of this bill, insurers will be required to prove through claims experience or actuarial projections that substantial differences in claims are likely to result from the genetic conditions or developmental disabilities prior to rejecting an application or imposing policy limitations or higher rates. (Chapter 227)

H.B. 2117 - CHARITABLE INSURANCE

This bill permits charitable organizations which are exempt from taxes as specified in A.R.S. 43-1201 to have an insurable interest in the life of a policyholder who has named the charitable organization as the beneficiary of his or her life insurance policy. (Chapter 27)

S.B. 1015 - INSURANCE COMPANY TAKEOVER

This bill requires persons engaged in business other than insurance who are preparing to acquire an Arizona domestic insurer to file with the Department of Insurance, at least thirty days in advance, a statement giving financial details of the transaction, a listing of the new directors and officers, the terms of the contract, etc. If the Director finds the acquisition does not meet the requirements of Arizona law, the Director must disapprove the acquisition and require an expeditious divestiture by the acquiring party. (Chapter 151)

H.B. 2530 - DENTAL BENEFIT PAYMENT

This bill establishes the order of benefit payments for persons insured under both prepaid dental plans and indemnity plans. If a person is a member of a prepaid dental plan and is also covered by an indemnity plan that pays benefits for the same treatment, the indemnity carrier must pay benefits to the insured person without regard to the existence of the prepaid plan. However, the amount paid for a procedure covered without charge under the indemnity plan does not have to exceed the person's co-payment obligation under the prepaid plan. (Chapter 169)

S.B. 1295 - INSURANCE COMPANY DATA; NOTICES

This bill was proposed by the Department of Insurance and authorizes the Director to require insurers to submit statistical and other financial data to the Department. The Director may require this information by order, and may fine an insurer who fails to comply with such an order up to $100 per

day for each day of delinquency. The Director must notify an insurer at least ten days prior to the date such late fees become due that the insurer will be subject to such fees.

This bill also requires insurers cancelling a policy to notify the policyholder at the time of cancellation of the specific reason(s) for the cancellation. Under current law, insurers must provide this information if the policyholder requests the reasons in writing. (Chapter 298)

H.B. 2123 - MEDICAL MALPRACTICE DAMAGES

Under this bill any party may elect to receive or pay for future damages for economic losses in periodic payments for damages arising out of a medical malpractice action. The election of periodic payments by a party is effective unless the objecting party shows good cause why the election of periodic payments should not be effective. The method of funding of periodic payments must be approved by the court as sufficient to guarantee payment of damages. Installment payments for health care terminate upon the death of the person receiving the benefits. Payments for other economic damages accrue to the estate upon the death of the person entitled to receive them. Other provisions of the bill require the Director of the Department of Insurance to annually evaluate the effectiveness of periodic payments as a cost-saving measure relating to medical malpractice insurance and to order appropriate actuarially justified rate adjustments for such insurance. (Chapter 289)

H.B. 2467 - MEDICAL MALPRACTICE INSURANCE SUBSIDY

This bill provides for the state to pay up to $10,000 per year to subsidize the cost of medical malpractice insurance for physicians who have obstetrical privileges in a rural, non-federal hospital, who provide obstetrical services for AHCCCS enrollees, who are under contract with the Department of Health Services to remain in the rural area for the contract year, and who provide a report on services performed. The Department of Health Services is required to identify obstetrically under-served areas using criteria established by this bill. The University of Arizona College of Medicine is required to develop an educational subsidy program to encourage physicians to provide rural obstetrical services. (Chapter 290)

Insurance-related issues were a priority to the legislators and to Arizona residents this year. I would like to acknowledge the help and interest of the Senate Commerce, Labor, Insurance & Banking Committee and the House Banking and Insurance Committee and their staff during this session.

Senator Bill DeLong and Representative Karen Mills, Chairpersons of the respective Senate and House committees, played critical roles in overseeing the passage of many of these key measures.

1988 ARIZONA PROPERTY AND CASUALTY BUSINESS

The following reports show the 1988 results of the top ten companies/groups writing in each line of business reported. Only the major property and casualty lines of business are included. The Arizona State Compensation Fund is included as the eleventh company in the Workers' Compensation report and in the Total report.

The premium and loss information is given by company/group, so it includes the combined results of all the companies within a group. The information as to premiums written, premiums earned, losses paid and losses incurred was obtained from page 14 of the filed annual statements.

The bottom section of each page shows the combined gain or loss in Arizona of the top ten (or eleven) companies/groups. The annual statement insurance expense exhibits were used to obtain the various group percentages for expenses, investment income allocation, and dividends.

The totals for all companies/groups were obtained from A.M.Best Co., Inc., "Executive Data Services" report.

We have examined the statements of assets and fund balance arising from cash transactions of Arizona Life and Disability Insurance Guaranty Fund as of December 31, 1988 and 1987 and the related statements of cash receipts, cash disbursements, and fund balance for the years then ended. Our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1(a) of the notes to financial statements, it is the Fund's policy to prepare its financial statements on the basis of cash receipts and disbursements; consequently, revenue and the related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly the assets and fund balance arising from cash transactions of Arizona Life and Disability Insurance Guaranty Fund as of December 31, 1988 and 1987 and the revenue, expenses, and changes in fund balance for the years then ended, on the basis of accounting described in Note 1(a) of the notes to financial statement, which basis has been applied in a manner consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary data included on page five are presented for purposes of additional analysis and not as a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In connection with our examination, nothing came to our attention, that caused us to believe that the fund was not in compliance with any of the terms, covenants, provisions, or conditions of Title 20, Chapter 3, Article 7, Arizona Revised Statutes as amended. However, it should be noted that our examination was not directed primarily toward obtaining knowledge of such noncompliance.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1988 AND 1987

NOTE 1: Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements are presented on the cash basis of accounting. Under the cash basis, revenues and the related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

NOTE 2: Nature of the Organization

The Arizona Life and Disability Insurance Guaranty Fund was established by legislative action to settle claims against insolvent insurers and was organized in accordance with Title 20, Chapter 3, Article 7, Arizona Revised Statutes, as amended.

The management of the fund is as follows:

Name	Title
Jack Trimble	Managing Secretary
Thomas J. Bennedek	Claims Administrator
